Updated Jul 14, 2021

As of July 12, 2021, this "Learn Veracross" site has been deprecated. It will remain live at least through October 1, 2021, but will no longer be updated. All knowledge content has moved to the new [Veracross Community](#). Please update your bookmarks.

Here is the new version of this article in the [Veracross Community](#).

Overview

The Gradebook provides a summary of score and assignment details for all the teacher's students per class. The assignments are listed across the top of the gradebook in date order and each row represents a particular student. Within each cell teachers can track and view assignment and score details specific to the student and assignment. A number of badges are used to help teachers quickly identify the student's progress with the assignment, feedback/notification information, dropbox submissions, and more.

To learn more information about managing assignments using the Gradebook, [click here](#).

Legend

The following is a legend of all badges used in the gradebook to indicate to teachers the information each assignment contains per student.

Badges	Description
--------	-------------

Flags	Description
Completion Statuses	
--	Pending
✓	Turned In/Not Graded
LTE	Late
NTI	Not Turned In
INC	Incomplete
NREQ	Not Required to Complete
NC	No Credit (zero)
Scores	
97	Raw score (black score)
44	Percent grade is less than the minimum passing grade (red score)
 90	Score not published
Notifications	
	Contains Feedback (see footnote 1 below)
!	Notifications to Students, Parents, Advisor, or Homeroom sent
	Contains Private Teacher Note
Dropbox	
	Expecting Dropbox Submission
	Dropbox Submission Received (see footnote 2 below)

Footnotes

1. The conversation bubble appears any time that some conversation has taken place between teacher and student about this assignment; and the action of uploading a file is part of the conversation.

2. Although similar, this is different from the “Contains Feedback” conversation bubble, because the dropbox can be set to “Expecting” (orange flag) and the student can submit work (green flag) multiple times. In contrast, the existence of any feedback at all will set the “Contains Feedback” conversation bubble.
