

# Webinar: I Just Logged Into Veracross For The First Time...Now What?

Updated Sep 09, 2019

Are you or one of your colleagues just getting started with Veracross and could use some help navigating the systems and building basic reports? This webinar is for you! David Azar, Systems Administrator at the Pingry School in New Jersey, will talk through how he trains new users at his school. The presentation will include tips and tricks, pitfalls to avoid, and will conclude with a Q&A from attendees.
