

Webinar: From Here to There: Shortcuts and Efficiencies in Axiom

Published 09/09/2019

Do you use Axiom? Do you use a keyboard? Of course you do! Did you know there are ton of great shortcuts throughout the system that can save you time as you go about your daily work in Veracross? Like this one: Ctrl+s (Cmd+s on Mac) is the equivalent of clicking "Update" in Axiom. Come to learn – and share – some favorites and become the Axiom navigation pro you've always wanted to be.
