

# What is the "From Both" flag on a gift record?

Updated Jul 19, 2021

The "From Both" flag controls whether or not a donor's spouse will be automatically soft credited when the gift is added. This flag defaults to yes when adding a donation record and defaults to no when adding a pledge record. The data will not be affected even if this flag is set to yes and the donor does not have a spouse.
