

I have configured the academic document layout record to display the Qualitative Scales key. Why won't they display on the document?

Updated Jul 14, 2021

As of July 12, 2021, this "Learn Veracross" site has been deprecated. It will remain live at least through October 1, 2021, but will no longer be updated. Q&A articles are only visible to authenticated users in the Veracross Community; please speak with your implementation or account manager for additional information.

The Qualitative Scales key will not display on the academic document unless the student has at least one qualitative grade that uses that scale in any of the reporting year's classes. Here are the parameter settings needed to display the rubric scale key.

1. Enter 1 in the 'Show Qualitative Scales?' parameter.
 2. Enter the ID number of the Rubric Scale which is available on the Rubric Scales query on the System homepage.
 3. Enter the rubric key label in the Qualitative Scales Label parameter.
