

What do the Admission Portal 3 supplemental security roles give access to?

Updated Jul 16, 2021

As of July 12, 2021, this "Learn Veracross" site has been deprecated. It will remain live at least through October 1, 2021, but will no longer be updated. Q&A articles are only visible to authenticated users in the Veracross Community; please speak with your implementation or account manager for additional information.

There are three supplemental security roles used in Admission Portal 3.

- **Admissions_Admin:** allows editing of admission checklist items
- **Admissions_Web_Form_Admin:** allows editing of webforms
- **Portals_ADMIN:** allows editing of admission portal content and edition of admission portal configuration.
 - *Note:* in addition to this security role, the user's person record should be added to the Admin tab of the portal config record.

To learn more about security roles and the permissions surrounding them, we suggest your read [our article on the topic in Learn Veracross](#).
