

# Do I have to add transfer transcript items one at a time?

Updated Jul 14, 2021

As of July 12, 2021, this "Learn Veracross" site has been deprecated. It will remain live at least through October 1, 2021, but will no longer be updated. Q&A articles are only visible to authenticated users in the Veracross Community; please speak with your implementation or account manager for additional information.

No – Veracross has an [Importer Tool](#) and you can use the Transfer Grade Transcript Item Import Type to import many at the same time. This import template allows you to both update existing transfer transcript items and add new ones.

We highly advise that [you review our documentation on the Transfer Grade Transcript Item Import Type](#) so you can properly plot out your data in the csv file.
