

Can you adjust attendance reminder emails to be configured for class attendance instead of master attendance?

Updated Jul 16, 2021

As of July 12, 2021, this "Learn Veracross" site has been deprecated. It will remain live at least through October 1, 2021, but will no longer be updated. Q&A articles are only visible to authenticated users in the Veracross Community; please speak with your implementation or account manager for additional information.

There is a system scheduled job for attendance reminders that is set up to send the attendance reminder email to teachers of **master** attendance classes. Sometimes, you may not be interested in this functionality since you don't take the equivalent of a "master attendance" at your school and — instead — want these emails to be triggered by **class attendance** instead.

You are able to adjust attendance reminder emails to be configured for class attendance instead of master attendance, but this must be done by Veracross. If you are interested in this functionality, please reach out to your account manager.
