

How can I hide the directory from the class website?

Updated Jul 14, 2021

As of July 12, 2021, this "Learn Veracross" site has been deprecated. It will remain live at least through October 1, 2021, but will no longer be updated. Q&A articles are only visible to authenticated users in the Veracross Community; please speak with your implementation or account manager for additional information.

To hide the directory from the class website, perform the following steps:

1. From a School Level homepage, click on the Find Classes query and click into the relevant class record.
 2. Click on the Website Configuration tab on the class record and set the Value on the 'directory' row to "false".
